The State of Arkansas will notify your company when it is time to file the Quarterly IFTA Tax Reports. We are requesting your company or reporting agent utilize the new Web based IFTA Tax Report Form that is located at http://www.arkansas.gov/motorfuel. The internet reporting form will allow you to file the quarterly IFTA tax report by only filling in the total miles and total fuel purchased. Every licensee must maintain mileage and fuel purchase records for a period of four years from the due date of the tax return.

Each licensee shall maintain a complete record of all fuel purchases. The fuel records shall contain, but not be limited to:

1. *The name and address of the person from whom purchased.*
2. *The date of each receipt of fuel.*
3. *The number of gallons received.*
4. *The type of fuel.*
5. *The vehicles or equipment number receiving fuel.*
6. *Purchaser's name.*
7. *The price per gallon or total amount of sale.*

All licensees who have bulk storage of fuel must maintain a record with the information shown above for all fuel dispensed from their bulk storage. Credit on your quarterly report can only be taken for fuel that has been withdrawn from bulk storage and placed in permitted vehicles.
